

Water in Mains; Well Has Ample Capacity For System

The water was turned into the mains of Didsbury's new waterworks system last Tuesday and the contractors, Wilson & Wilson, have checked the pipes for leaks, but apparently the work was well done for only minor details needed attention. The fire hydrants were tested and found in order, and as soon as the new pump arrives for the well and is installed, the system should be ready for operation.

Work is progressing favorably at the disposal plant and unless some major difficulty is encountered this part of the system will be completed before long.

A Calgary firm tested the well at the reservoir last week and found that it was capable of supplying plenty of water for the system. However the pump has to be replaced by one of proper size and it is not expected that this will arrive for another month or more, as the equipment must come from the factory in the States.

With the system now practically completed every indication points to the inauguration of the water and sewer system before freeze-up. While the original plans called for only 60 connections, the demand for facilities has increased to around 125, and with the possibility that the extension to the Bible College will be added, the system will probably have around 150 connections next year.

E. T. Wiggins Heads Canadian Teachers

E. T. Wiggins, principal of the Didsbury school, was elected president of the Canadian Teachers' Federation at the annual convention held in Saskatoon last week. Vice-president of the Federation last year, Mr. Wiggins defeated Harold Murphy of Moncton, for the position and succeeds Dr. Bernice MacNaughton of Moncton, N.B.

Mr. Wiggins has been active in school work for a number of years and served as president of the Alberta Teachers' Association last year, and the election to the presidency of the C.T.F. brings new honors to himself as well as to the Town of Didsbury and the Province of Alberta.

Mrs. Knights Host To Zella W. I. Ladies

The monthly meeting of the Zella W. I. held at the spacious home of Mrs. M. K. Knights last Thursday, was well attended, with ten members, 18 guests from the Westcott W.I. and two other visitors present. The roll call answered was "my favorite recipe."

Mrs. J. Robertson, constituency convener, was present and spoke on the organization of a girls club. A social afternoon followed with readings by Mrs. Knights and Mrs. E. Lowrie, a piano solo by Miss Owens, while Mrs. Wilfred Owens explained the making of plaques. With the singing of God Save the King and a dainty high tea served by the Institute, another most pleasant afternoon was brought to a close.

The September meeting will be held at the home of Mrs. E. Walcott on Thursday, the 21st.

Mrs. Tony Spooner returned home from Calgary last Thursday where she had spent the last four days visiting friends following her release from hospital.

Mrs. Knights had her mother, Mrs. Smith of Black Diamond, as her guest for the past week.

Little Donnie Mewha of Markerville has been the guest of Mr. and Mrs. E. Walcott for ten days while his parents are on a trip to Yellowstone Park.

Mr. and Mrs. John Hansen and Mr. and Mrs. Arthur Walcott and boys enjoyed a motor trip to Pine Lake on Sunday. No luck fishing, though.

Mrs. Arthur Worthington and infant son Daniel Wayne returned home from the Didsbury hospital on Tuesday.

Mr. and Mrs. Roger Dube are the proud parents of twin girls.

Marg Goetjen Pitches Didsbury To Victory

At Calgary last Wednesday evening Margorie Goetjen pitched the Didsbury Models to a convincing 9-1 victory over a team representing the No. 11 R.C.A.P. girls. Led by Clara Schneidmiller in hitting, the Didsbury girls played remarkably well and committed very few errors afield, while giving an entertaining display of base running.

The city girls gave poor support to their particularly strong battery, Andy and Renaud of the Senior League.

A return game will be played at Didsbury on Friday, August 26, at 6:00 p.m.

Score by innings: Didsbury: 901 203 138-9. Calgary: 000 001 000-1. Calvary—Arnold, Adie, Calder, Renaud, Mahoney, S. Grant, Hennessey, Stewart, J. Grant.

Didsbury—Schneidmiller, Wood, Folkman, Goetjen, Rundberg, Bagshaw, Irwin, Luft, Krebs, Dupont, Severns.

Ken McCoy Top Man At Gun Club Shoot

The regular shoots of the Didsbury Gun Club, which have been held throughout the summer, are about over for the season, but those taking part have enjoyed the sport and last Friday night's event was no exception, with ten participants. Ken McCoy, who has been setting back to form gradually, led the shoot with 20 targets out of 25, defeating his only rival, Bob Rankin of Olds, by one point.

The following scores were chalked up in Friday's shoot: Ken McCoy 20, Bob Rankin 19, Cliff Johnson 14, Bill Ranton 14, George McDonald 12, Bert Prevost 12, Alf Stander 11, Sam Thompson 10, Dave Houlton 9, Dick Kimmel 8, Harold Feeg 5.

There will be another shoot on Friday evening, August 25th, and this may be the last regular event of the season, depending on harvesting operations. If you want to get a little practice in before the big turkey shoots you had better be on hand Friday!

KEN MORRIS RETURNS FROM SUMMER TRIP TO ENGLAND

Kenneth Morris, son of Mr. and Mrs. Thos. Morris of Didsbury, arrived in Edmonton Tuesday after a 3-week trip to Gt. Britain. He was one of a group of 50 teen-age boys from all parts of Canada who visited Britain as guests of Garfield Weston, Canadian-born international industrialist, on a tour designed to cement closer commonwealth relationship.

11 Members Attend Lone Pine W.I. Meet

The August meeting of Lone Pine W.I. was held at the home of Mrs. Bert Pross with 11 members and four visitors present. The meeting opened in the usual manner and as many as possible brought bouquets of flowers for the roll call.

An interesting report was given by Mrs. Floyd Ahlgrim on the conference. Mrs. Sandy Brander and Miss Marie Siebert gave many interesting and helpful points. In their reports of the Women's Farm Week at Olds, Mrs. Jack Robertson, constituency convener, gave a friendly talk.

A new girls club is planned to be organized in Lone Pine branch on August 23, at 2 p.m. at the Fred Metz home with Mrs. E. Dowell as hostess and Mrs. Brander the leader. All girls from the ages of 6 to 21 years are cordially invited to join.

Mrs. Ruth Eckel gave her paper on Social Services.

Mrs. Bert Pross won first prize on the bouquet of flowers. The 10c draw netted \$1.95 and was won by Gloria Schumaker.

Mrs. E. Dowell conducted a contest on makes of cars and this was won by Mrs. S. Brander.

After the meeting adjourned all enjoyed a delicious lunch served by the hostess.

No Delivery Quotas On Grain At Present Time

The Canadian Wheat Board has stated that delivery quotas on wheat, oats and barley will be left open until such time as it is possible to assess the general situation with regard to crop yields, car supply, etc., and to determine what quotas may be necessary during the new crop year.

There will be no delivery quotas established on rye and flaxseed in the crop year 1950-51. Deliveries of rye and flaxseed may be made at any delivery point without entry in delivery permit books.

Entries must be made covering all deliveries of wheat, oats and barley as from August 1st in the new 1950-51 permit book. Unless written permission has been received from the Wheat Board deliveries of wheat, oats and barley must be made at the delivery point designated in the permit book.

Grain Escapes Frost In Westcott District

Most gardens in this area show the effects of the frost of last week but it is thought that the grain has not been damaged.

The Zella Women's Institute entertained the Westcott Institute at the home of Mrs. Knights last Thursday afternoon and the large crowd of ladies thoroughly enjoyed themselves.

The Westcott Men's softball team was defeated by the Waltham League young people of Didsbury on Sunday afternoon, the score being 16-13. The Westcott Community Club served ice cream at this game.

Miss Deloyce Goetjen left on Saturday for Vancouver where she will be an attendant at the wedding of her aunt, Miss Evelyn Goetjen, who is being married this Friday.

A large crowd was in attendance at Carstairs to witness the ball game on Monday night between Melvin and Carstairs, the latter team winning.

The Olds girls softball team had an easy time taking out the Bellevue team at Olds on Sunday. They now will meet the winners from the north, either Manville or Edmonton, for the provincial finals, and from all reports this will be a tough series.

Miss Elaine Goetjen is spending the rest of her holidays before school starts, at home.

The road crew is working just west of the Westcott store near Gordon Ford's farm, and work is progressing well and this job will not take very long.

The grain crops that were not hauled are ripening fast and some cutting will be taking place soon. The crops which were hauled have made a wonderful come back, however, and with a good fall should turn out well, but more than that, weather is needed to ensure their maturity.

PRIZES WON BY WESTCOTT W.I. AT CONFERENCE

The following prizes were won by the Westcott W.I. at the recent Conference held in Didsbury: Pillow cases 1st; child's knitted dress 1st; stuffed toy 1st; jar of fruit, vegetables and pickles 1st; baby's knitted sweater and cap set 2nd; plate of candy 2nd; cross stitch and 2nd made over article 2nd; wrapped jar of jelly 2nd.

DAIRY INDUSTRY

There are 70,000 dairy farmers in Alberta who are the owners of 315,000 cows. Last year these cows produced 1,671,075,000 pounds of milk which was sold in its natural state, manufactured into butter, cheese, ice cream and other products. The total value of all such products was \$52,560,000. The value of butter alone was \$18,334,000, of which \$10,500,000 worth was exported from this province.

The extent to which margarine is being manufactured and sold in Canada is endangering the dairy business not only in Alberta but right across the Dominion. Margarine is a synthetic product made mostly from cottonseed oil imported from the southern United States. It can be manufactured cheaply.

If the trend toward margarine continues the whole dairy business in Canada will be seriously harmed. Dairymen will dispose of their cattle and a milk shortage will develop. Milk cannot be made from cottonseed oil.

Dairying is important to Alberta's economy. It provides an alternative to straight grain growing, is an important factor in the maintenance of soil fertility and permits the use of certain land which cannot be profitably used for other farming activities. The dairy cow made the state of Wisconsin one of the wealthiest in the United States. The dairy cow can do the same for Alberta if given a reasonable opportunity.—Wheat Pool Bulletin.

PUBLIC NOTICE

BY THE BOARD OF TRUSTEES OF THE OLDS SCHOOL DIVISION No. 31 of the Province of Alberta

WHEREAS it is deemed expedient by the Board of Trustees of the Olds School Division No. 31, of the Province of Alberta, that the sum of \$330,000.00 should be borrowed on the security of the said Division by the issue of Debentures repayable to the bearer in 20 equal consecutive annual instalments with interest at the rate of not more than six per centum per annum for the following purposes, namely:

Building a 10-roomed brick and tile school with auditorium in Didsbury, a 5-roomed brick and tile school with auditorium in Carstairs, and to purchase and install in the said schools heating plants, plumbing, and electrical work.

THEREFORE, notice is hereby given by the Board of the said School Division that unless a poll of the proprietary electors of the said School Division for and against the said debenture loan is demanded as provided by The School Act, the said Board will apply to the Board of Public Utility Commissioners for authority to borrow the said sum by debentures.

Of which all persons interested are hereby notified, and they are required to govern themselves accordingly.

WM. H. DAVIES, chairman

Dated at Didsbury, Alberta, this
15th day of August, 1950.

INSTRUCTIONS TO PROPRIETARY ELECTORS IN A SCHOOL DIVISION

A poll may be demanded in a School Division by a demand signed by five proprietary electors of each of at least twenty per cent of the districts in the division.

Every demand for a poll must be delivered to the Secretary of the Division or District or, in his absence, to the Chairman of the Board of Trustees, within Fifteen days after the date of posting or of the last publication in a newspaper of this notice. A certified copy of the demand must be forwarded forthwith to the Board of Public Utility Commissioners of Alberta at Edmonton.

"Proprietary elector" means any elector, other than a tenant, who is liable to assessment and taxation for school purposes in respect of any property situate in a School Division.

FAMILY ALLOWANCES

More than 1,328,698.682 dollars has been distributed to the children of Canada in family allowance payments since the Act came into effect five years ago.

J.C.L. Gillman, Regional Director of Family Allowances, announced last week that in those five years mothers in Alberta have received 91,219,369 dollars in family allowances. The average allowance per family in June this year was \$12.90 and the average allowance per child was \$6.02 with 132,180 cheques being mailed on behalf of 283,468 children. This represents a net increase since last year of 15,000 children receiving these allowances.

Letters continued to come in to the various regional offices, describing the effect of these allowances. One was recently received from a family in a small village in Newfoundland. The parents had kept track of their first year's expenditures. The father wrote:

"Previous to Confederation I could not clothe or feed my children, of which there are ten, and pay for their education. My oldest son had reached the age of eighteen years and did not complete the third grade. Each of the next four children of school age are similarly behind because of their lack of clothing and not being able to attend school."

Then follows an itemized list of purchases, totalling \$701.23. Boots and shoes came to \$114.33; boys' pants, breeks and windbreakers added up to \$121.21; and other clothes came to \$341.15. About \$20 was spent on school supplies; \$10 was spent on mattresses; \$16.75 on blankets; and there is an item of \$12.75 for a cart for one of the children who is an invalid. The remainder of the money was spent on fresh fruits and milk.

Family allowances are provided for every child born and living in Canada, and to children born outside of Canada but having lived here for a year. In June, 1950, there were 1,876,598 families receiving cheques on behalf of 4,246,162 children. The average allowance per child varied from \$5.96 in British Columbia to \$6.36 in Northwest Territories and Yukon, with an all Canadian average of \$6.01. The average allowance per family varies from \$11.48 in British Columbia to \$15.65 in Newfoundland, with a National average of \$13.67.

MORE MONEY IN THE BANK

Canadians today have three times as much money in the bank as they did in 1937, and personal income is also three times as great as it was in 1937.

Interesting too, is the fact that despite the cost of automobiles being double what it was in 1937, exactly twice as many cars are being sold in Canada.

If there is anybody in Canada who can't buy enough food it obviously isn't for lack of money! For food valued in terms of what an hour's labor will buy, is cheaper today than it ever was—Rural Co-operator.

NEST EGGS SCARCE

Fifty years ago, or even 25, there were plenty of old couples who retired on \$20,000 tucked away in bonds or mortgages. At 6% that gave them \$100 a month which was sufficient to keep them in modest comfort. To get that income today requires an investment of \$10,000 and the annual yield of \$1200 will buy only about half the amount of clothing, shelter and food it would before the war.

And that is only part of the story. In the first part of the century it was not difficult nor unusual for the ordinary man to save \$20,000 in his working lifetime. Today with taxation rates that would make our grandfathers shudder and living costs double and triple what they were accustomed to, individual saving is far more difficult.

SLAUGHTER POLICY CONTROLS DISEASE

The maintenance of a healthy and adequate livestock population is of the greatest economic importance in Canada. This involves the control of such serious diseases as foot-and-mouth disease, swine fever, cholera, bovine tuberculosis and horse diseases like glanders and dourine which all have been held in control by a well-enforced slaughter and compensation policy administered by the Department of Agriculture, Ottawa.

Over a period of years Canada has remained free of other destructive highly contagious diseases of animals such as foot-and-mouth disease, rinderpest, contagious bovine pleuro-pneumonia, sheep scab, infectious lymphangitis and Texas fever, thanks to effective legislation and efficient organization. This year with additional trained personnel now available, drawn largely from graduating veterans, this work is being intensified from coast to coast.

History of legislation in Canada respecting contagious animal diseases antedates Confederation. The present Act is administered by the Health and Animals Division, Production Service, Department of Agriculture, Ottawa, and on more than one occasion United States officials have expressed admiration for what they term Canada's "careless" Animal Contagious Diseases Act and have studied its administration.

One of the most important functions of the Health of Animals Division is to prevent the introduction into Canada of any destructive animal disease. This is guarded against by the Departmental permit system, whereby the importer is required to get the necessary authorization from the Department before importing livestock into the country. In addition, constant vigilance is exercised by veterinary officials at the various points of entry into Canada by carefully checking all potentially dangerous merchandise for emigrants' belongings before allowing them entry into Canada.

Agricultural SERVICE BOARD NOTES

W.K. Snyder,
Field Supervisor

A Note of Warning

It won't be long before farmers are in the midst of harvesting operations. Tractor's, combines, swathers and other harvesting equipment will be humming merrily along. At the height of the busy season there is a rush to get the crop off and in the haste, operators of the farm machinery are apt to forget or disregard one important thing: The prevention of accidents.

Every year at harvest time, accidents take their toll of life and limb. In most instances they can be attributed to haste, and the disregard of the dangers that are ever present. With working long strenuous hours and becoming over-tired there is danger that "drowsiness" will overtake one and dim the sensibilities of the dangers around him. This season it is hoped that greater care will be exercised by operators of harvesting equipment.

"Less haste and more speed" will certainly apply when this year's harvest is to be taken off. All the grain in the world can't recompense for the loss of limb or the death of a member of one's family. CAUTION is the watchword as the 1950 harvest season approaches.

Agricultural officials predict the apple production in British Columbia this year will total 6,618,000 boxes, a reduction of 25 per cent from last year's total of 8,632,576 boxes.

RECORD VEHICLE SHIPMENT

A record week's shipment to Canada of 1,000 vehicles due in Vancouver this week is announced by the Nuffield organization of Britain. Nearly 11,000 Nuffield vehicles have been delivered to Canada since January.

CANADA NEEDS MEN TO TRAIN AS ANTI-AIRCRAFT GUNNERS

A major requirement of Canada's defensive system today is men trained for anti-aircraft operations. Charged with the defence of vital areas, the men of the anti-aircraft units are equipped and trained in the use of modern scientific equipment — electronics, radar, radio and telephone.

There are very few more important jobs than service in an anti-aircraft unit for young men who want to make sure that Canada is well defended against any eventuality.

To enlist you must —

1. Be a Canadian citizen or British subject.
2. Be between 17 and 29 years of age.
3. Be single.
4. Meet Army test requirements.
5. Volunteer for service anywhere.

UNITED CHURCH AT TILLEY SCENE OF JULY WEDDING

The Tilley United Church was the scene of a pretty early afternoon wedding on Sunday, July 16. This was the first wedding to be held in the Tilley Church when Ethel Florence, only daughter of Mr. and Mrs. E. R. Lyle of Bergen, Alberta, became the bride of Harvey Edward Hankel, younger son of Mr. and Mrs. F. J. Hankel of Tilley.

Bouquets of peonies and fern with pink and white streamers decorated the church for the nuptials at which Rev. Allan Dixon of Brooks officiated.

The background for the wedding party was an arch decorated with evergreen and pink roses.

Patsy Russell, niece of the groom, wearing a floor-length gown of gold taffeta and carrying a basket of yellow and mauve pansies preceded the bride into the church.

Miss Lyle, who entered the church on the arm of her father, chose traditional white satin for her gown with inserts of pearl net and embroidery. Her floor-length veil fell from a coronet of miniature hearts and she carried a bouquet of talliesman roses with white streamers. A three-strand pearl necklace, a gift of the groom, complemented her gown.

Miss Margaret Rawleigh attended the bride as maid of honor and chose for the occasion a pale pink floor-length gown of figured nylon marquisette over taffeta with matching head-dress and veil. She carried a bouquet of pink carnations.

The bridesmaid, Miss Effie Johnson, cousin of the bride, wore a formal gown of blue moire taffeta, matching head-dress and veil, and she also carried pink carnations. The bridegroom was attended by Mr. William Hoffman of Tilley, and Mr. Leslie Lyle, brother of the bride, was usher.

During the signing of the register the Misses Patsy and Erlene Russell sang "O Perfect Love," accompanied on the organ by Miss G. Lewis who also played the wedding music.

Following the ceremony a reception was held at the home of Mr. and Mrs. F. J. Hankel for approximately sixty relatives and friends. The bridal table was centered with a three-tiered wedding cake, and pink tapers and bowls of peonies decorated the tables. A toast to the bride was proposed by Rev. Dixon and was responded to by the groom.

For going away the young couple wore matching suits of blue and grey.

Upon leaving the bride tossed her bouquet and it was caught by Miss Maureen Anderson, who presented it to the groom's 91-year-old grandmother, Mrs. M. Johnson, who had been one of the most enthusiastic and interested guests of the wedding and reception.

After a two weeks honeymoon at Yellowstone Park and other points of interest, the happy couple will reside in Tilley, where the groom is in business.

Out-of-town guests for the wedding were the bride's parents, Mr. and Mrs. E. R. Lyle, four brothers, Ronald, Gordon, Leslie and Blair, and a sister-in-law, Mrs. Blair Lyle.

Mr. and Mrs. Dave Jenkins returned Sunday from a week's holiday spent at various points in the province.

While the crops are late this year in ripening, due to the backward spring, some coarse grains are now ready for the binder and are being cut. However, harvesting will not be general for another two weeks or so, depending on the weather. Light frost last week did some damage to gardens both east and west of town, but no damage has been reported to grain.

Bumper Wheat Crops Expected on Prairies

The Prairie wheat crop could top 500 million bushels this year, says The Financial Post—a figure that has only been reached three times in history (1928, 1940, 1942). This, despite almost dangerously late seeding in some areas.

This would compare with 337 million bushels last year, 528 million in 1942.

Granted immunity from frost, which can do much damage any time in August and considerable damage in September, reasonable hopes by provinces can now be put at: Manitoba 60 million bushels; Saskatchewan 325 million; Alberta 115 million. And each of these totals could be surpassed.

DOMESTIC WHEAT PRICE

The Canadian Wheat Board has announced that beginning on August 1, the provisional price of wheat for grinding into flour will be \$1.98 per bushel, basis No. 1 Northern in store Fort William, Port Arthur and Vancouver.

This announcement is in line with R. Hon. C. D. Howe's statement that the domestic price would be the same as the price under the International Wheat Agreement.

Misses Doreen and Marianne Kenschuh of Calgary spent the weekend with their parents here.

—Don't forget the dance at the Mountain View Hall on Friday, September 1, Melody Five. 2c

Mr. and Mrs. Spencer Burns and Maryanne were weekend visitors in Calgary.

CUTWORM CONTROL

The month of August and the first half of September is a critical period in so far as the control of the Pale Western Cutworm is concerned. In areas where cutworms were in evidence last spring, summerfallow fields should be left undisturbed by either machinery or livestock during this period. The crust which forms on the surface of the fields should not be broken for it prevents the cutworm moths from laying their eggs.
